

Horse Racing License Application Checklist – For Year 2017

Please check your application to be sure it is complete before mailing! An incomplete application may be returned to you and may cause you to be INELIGIBLE TO PARTICIPATE until the required information is provided. Additional applications are also available online at: www.ohrc.org.

You are not licensed until a receipt is written by the OHRC and your application is not in a pending status. At which time the date on the license receipt is the official effective date of licensure. A license badge can be issued at the racetrack license office, at a later date if necessary. The badge is not necessary unless you are working on the racetrack grounds, or are entering a restricted area (such as the barn area).

IMPORTANT: Some license types require steward approval prior to licensure. Please check with an OHRC license office if you are unsure of the requirements for the license in which you are applying.
